SUBJECT: RFQ RD-3-67 AND

25X1A

Gentlemen:

In response to Request for Proposal No. RD-3-67 is pleased to submit its proposal for a Color Sheet Film Dryer and a Color Paper Dryer.

In accordance with your request, we are submitting herewith separate cost proposals for both the Color Sheet Film Dryer and the Color Paper Dryer of respectively.

Since both programs present many similar problems, it is possible, by combining them, to achieve certain economies primarily due to the elimination of areas where there may be duplication of effort.

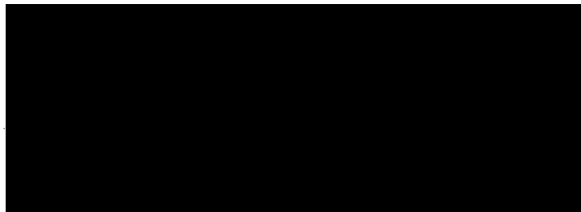

Accordingly, we are also presenting, for your consideration, a cost quotation in the amount of which is predicated on conducting both programs simultaneously.

Because of the developmental nature of the work, we believe that a Cost Type Contract would be the most equitable for both parties. However, we would be agreeable to the application of some form of incentive arrangement, if you so desire.

Our proposal is predicated on the incorporation of the attached terms and conditions in any resultant contractual instrument.

In accordance with your request, we are returning herewith your letter of 27 September 1966 and Specification No. DB-1001 (1 copy), Development Objectives - Color Sheet Film Dryer (2 copies), and Development Objectives - Color Print Dryer (2 copies).
